TLT-12

The TLT-12 laser alignment system measures toe and tracking on all trucks, trailers, buses and RVs-regardless of axle configuration, tread width or wheel base. Developed by the leading supplier of lasers to the collision repair and wheel alignment industry, the TLT-12 is unsurpassed in simplicity and reliability, and is accurate to 1/64th in. The TLT-12 runs on D cell batteries. There are no cables or computers. It comes with an easy-to-follow training video, instruction manual, and a two year warranty.

TLT-12 consists of:

- Laser Guns
- Calibration Bar
- Universal Laser
- Caster/Camber gauge
- 2 Truck Clamps for rims up to 27"
- Wheel Centering Target
- Trailer King Pin Kit
- Level Compensator
- Digital Level

Shipping Weight: 200 lbs.

Options:

- Passenger Car Clamps for rims up to 19"
- Data Recorder
- Turn Tables
- Slip Plates

The standard TLT-12 package can be configured for:

- Busses
- RV Class
- A & C
- Multi-Steer Axle
- * Tractor or Trailer only

Call, write, or email for a quote on a custom configuration for your specific needs!
